Valley of the Springs Resort Now Open!

It is time to break out your bathing suit! Valley of the Springs Resort, French Lick, Indiana's new family destination is now open to guests.

"WOW!" is likely to be a commonly heard exclamation as guests enter the beautifully themed lobby for the first time. The atmosphere transports visitors to the tropics, complete with a boatyard, beaches and pirates.

The exciting new property combines a 154 room, family friendly hotel with Big Splash Adventure, a remarkable 40,000 square foot water park that is full of unique and exciting features. The property invites guests to enjoy a tropical atmosphere year round. Valley of the Springs and Big Splash Adventure are already gaining industry attention as "The greenest large water park project to date" for its innovative & environmentally friendly design. The water park is housed in a glass structure that features a retractable roof, one of the few in the world. Upgraded filtration systems will ensure excellent water and air quality.

On Friday, February 20th, the Valley of the Springs Resort opened its doors for the first time to overnight guests. The 154 room hotel is in the "soft" opening stage in order to prepare to welcome guests to Big Splash Adventure, the 40,000 square foot water park. "In coming days we will be opening additional amenities in the hotel, including The Boatyard Restaurant, The Galley Grille, and Treasure Chest Arcade," shares Director of Operations, Steve Stewart.

"We are busy putting on the finishing touches, testing systems and training our staff. We will be opening our doors for water park guests on March 15th. I am tremendously excited to show our guests this beautiful new facility." continues Stewart. "We are encouraging guests to make Spring Break Reservations early to assure availability!"

Reservations can be made at (877)936-3866, or reservations@valleyofthesprings.com.
